2. The stud owner and/or their agent will NOT be held liable for injuries that may be sustained by the female dog during the breeding process or while on the stud owner's and/or their agent's property.
3. The female dog's owner agrees to perform progesterone and/or LH testing on the bitch to determine the proper breeding window. The female dog's owner will be responsible for any and all medical expenses, including those pertaining to hormone testing and veterinary fees.
4. Frozen Semen may be available (all additional cost responsibility of female dog owner)
5. Fresh Chilled Semen may be available (all additional costs responsibility of female dog owner)
6. The stud fee is \$_____ for approved females, in U.S. dollars. Of this, a non-refundable breeding fee of \$300 is to be paid at the time of the breeding. This fee is for a minimum one tie natural attempted breeding. The remainder of the stud fee is due within two weeks of the whelping of the litter. After full payment has been made, the stud dog owners will sign the litter registration.
7. The female dog's owner agrees that no puppy produced as a result of this breeding will be sold to a pet shop, agent or broker.
8. The owners of the stud dog are not obligated to sign an application for litter registration with the AKC, nor may such application be made, until and unless all applicable terms stated above have been met.
9. If the female dog's owner(s) fail to fulfill the conditions of this contract, the female dog's owner will be responsible for reasonable attorney's fees if action is taken by the stud dog owner on behalf of the female dog that was bred and/or puppies produced from this breeding.

After reading the above terms and conditions, we find them mutually agreeable and acceptable.
